General warranty conditions

VDL Weweler warrants all in house manufactured products and all non-VDL Weweler components needed to complete a VDL Weweler product, for a period as per listed in the "Warranty tables" in this document. Products for trials and tests are not included in this Statement.

Warranty only applies to system component parts that have been assembled according to current VDL Weweler instructions¹ and installed by the original equipment manufacturer (OEM).

System component parts must be properly maintained (*as prescribed in the VDL Weweler "Maintenance and Installation" manual¹*) and have to be used in the recommended application and within the rated capacities (*as described in the VDL Weweler Catalogue²*).

All non-approved applications must receive written approval from VDL Weweler in order to be covered under warranty.

VDL Weweler has the sole discretion and authority to approve or reject any warranty claim, repair or replacement of the component(s).

¹ Available on the VDL Weweler website. (www.vdlweweler.nl)

² To be obtained by contacting VDL Weweler.

Warranty evaluation and processing procedures

- Please contact VDL Weweler in case of questions (*Worldwide 0031-(0)55-5385100*).
- Prior to the warranty repair or replacement of suspension systems or parts, the warranty claim must be acknowledged by VDL Weweler in writing.
- Components to be returned under warranty must be accompanied by a warranty claim number. This number can be obtained by contacting VDL Weweler's Quality department.
 - If it concerns a warranty claim, please e-mail to: aftersales@vdlweweler.nl
 - If it concerns a 0 km claim (new part), please e-mail to: quality@vdlweweler.nl
- In case of a claim please inform VDL Weweler without any delay and when it concerns a warranty claim please do so with comprehensive background information, by using the 'Warranty Application Form' as shown in Appendix A.
- VDL Weweler will provide initial response no later than within 3 working days. In case claimed parts need to be physically investigated or examined, VDL Weweler will provide at least a preliminary statement of the evaluation within two weeks.
- Parts returned with a warranty claim number must be sent prepaid in accordance with standard VDL Weweler terms and conditions. VDL Weweler will refund the customer for the freight charges if the claim is accepted. This refund can be either as a credit note or through balancing of recent orders.
- Parts returned to VDL Weweler for inspection will not be returned to the customer unless requested within a 30 day period. Customer will be liable for the transport cost incurred.
- Only original VDL Weweler components or components approved by VDL Weweler, may be used to repair VDL Weweler systems.
- Components provided at no charge have no warranty.
- Warranty is only valid for the first purchaser.

Warranty exclusions

The following claims will result in exclusion from warranty.
